HAPPY HOLIDAYS!

The staff of Professional Collection Service wishes you the best of holiday seasons! This is the season to enjoy family and give thanks for the many blessings we have all received.

We hope your business had a GREAT year and is growing and thriving! There was a recent article in the Omaha World Herald summarizing a report from the Center of Rural Affairs and it seems businesses are faring better than in previous years. The percentage of businesses reporting annual sales of \$1 million or more increased to about 18% in 2014 from 15% in 2012.

However, the report also raised concern that many businesses had no real business plans or basic business knowledge. Every business needs to take a look at the basics of their business and always be in a mode of change and improvement. It's vital for survival! And...PCS is committed to helping!
